Parts Included

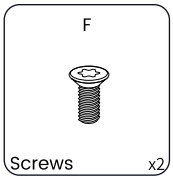

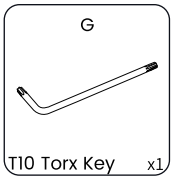

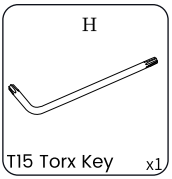

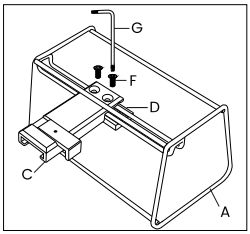

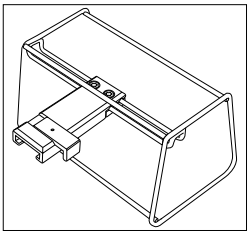

Instructions

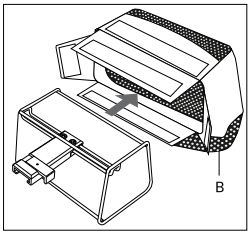

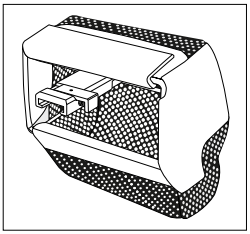

Frame Assembly

1. Place the clamp(C) on the frame(A),there are notches in the clamp where the rods can snap-in.
2. Place the mounting plate(D) on the bottom of the clamp.
3. Align the holes in the clamp with the mounting plate, insert the screws (F). Use the T10 Torx Key(G) to tighten the screws.

Note: Do not over tighten

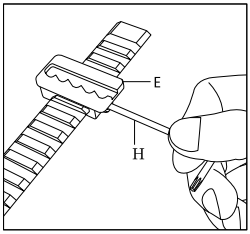

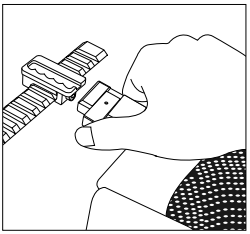

Mesh Bag Assembly

1.Put the mounted frame into the mesh bag(B).
2.Encloses with the velcro around borders.

Note:
The opening size of the mesh mag was tested to be tight enough for the cage to fit through for better closure. It takes a little effort to assemble the mesh bag. If you need any assistance, please contact us, Thank you.

Use the T15 Torx Key (H) to Mount the pic rail (E) on your gun.
